

# WASHINGTONIAN

THE MAGAZINE WASHINGTON LIVES BY

*Founded in 1965*

July 2023

Congratulations!

I am pleased to share that *Washingtonian* will name you as a 2023 Top Doctor in our November issue.

Our Top Doctors list recognizes medical professionals in DC, Maryland, and Virginia for excellence, **as chosen by their peers**. Through an online survey, the region's physicians nominated their colleagues in more than 40 specialties, resulting in our vetted list of top vote-getters.

We ask that you *not* publicize your selection until the Top Doctors list appears on newsstands October 26<sup>th</sup>. As an honoree, you will be cordially invited to a celebration of your selection in November. More details will follow.

You are also invited to feature an individual profile highlighting your skills and background. Details regarding the benefits of this opportunity are enclosed.

Our hope is that this honor shines an even brighter light on your continuous efforts and dedication in keeping our community safe and healthy.

Thank you, and congratulations again on your selection to our 2023 Top Doctors list!

Sincerely,

**Catherine Merrill**
